

KLU DESIGN THINKING FOR INNOVATION

BRAINSTORMING IDEAS LIST

Brainstorming is a group activity that will help us generate more innovative ideas. It's one of many methods of ideation, the process of coming up with new ideas and it's core to the design thinking process. We generated the following list of ideas by conducting brainstorming sessions multiple times with brainstorming rules from our project group members.

S.No	STUDENT ID	IDEA
1	2400030484	New methods for energy-efficient public transportation
2	2400030484	Innovative packaging solutions to reduce plastic waste
3	2400030484	Wearable tech for health monitoring in elderly populations
4	2400030484	Smart water filtration systems for rural areas
5	2400030484	Eco-friendly alternatives to everyday household products
6	2400030484	Portable solar panels for off-grid locations
7	2400030484	Apps for personal finance management focused on micro-saving
8	2400030484	Affordable, modular housing solutions for low-income families
9	2400030484	Educational toys to enhance STEM learning in children
10	2400030484	Interactive maps for eco-tourism spots
11	2400030484	New methods for energy-efficient public transportation
12	2400030484	Innovative packaging solutions to reduce plastic waste
13	2400030484	Wearable tech for health monitoring in elderly populations
14	2400030484	Smart water filtration systems for rural areas
15	2400030484	Eco-friendly alternatives to everyday household products
16	2400030519	Portable solar panels for off-grid locations
17	2400030519	Apps for personal finance management focused on micro-saving
18	2400030519	Affordable, modular housing solutions for low-income families
19	2400030519	Educational toys to enhance STEM learning in children
20	2400030519	Interactive maps for eco-tourism spots
21	2400030519	New methods for energy-efficient public transportation
22	2400030519	Innovative packaging solutions to reduce plastic waste
23	2400030519	Wearable tech for health monitoring in elderly populations
24	2400030519	Smart water filtration systems for rural areas
25	2400030519	Eco-friendly alternatives to everyday household products
26	2400030519	Portable solar panels for off-grid locations
27	2400030519	Apps for personal finance management focused on micro-saving
28	2400030519	Affordable, modular housing solutions for low-income families
29	2400030519	Educational toys to enhance STEM learning in children
30	2400030519	Interactive maps for eco-tourism spots
31	2400030317	New methods for energy-efficient public transportation

32	2400030317	Innovative packaging solutions to reduce plastic waste
33	2400030317	Wearable tech for health monitoring in elderly populations
34	2400030317	Smart water filtration systems for rural areas
35	2400030317	Eco-friendly alternatives to everyday household products
36	2400030317	Portable solar panels for off-grid locations
37	2400030317	Apps for personal finance management focused on micro-saving
38	2400030317	Affordable, modular housing solutions for low-income families
39	2400030317	Educational toys to enhance STEM learning in children
40	2400030317	Interactive maps for eco-tourism spots
41	2400030317	New methods for energy-efficient public transportation
42	2400030317	Innovative packaging solutions to reduce plastic waste
43	2400030317	Wearable tech for health monitoring in elderly populations
44	2400030317	Smart water filtration systems for rural areas
45	2400030317	Eco-friendly alternatives to everyday household products
46	2400030276	Portable solar panels for off-grid locations
47	2400030276	Apps for personal finance management focused on micro-saving
48	2400030276	Affordable, modular housing solutions for low-income families
49	2400030276	Educational toys to enhance STEM learning in children
50	2400030276	Interactive maps for eco-tourism spots
51	2400030276	New methods for energy-efficient public transportation
52	2400030276	Innovative packaging solutions to reduce plastic waste
53	2400030276	Wearable tech for health monitoring in elderly populations
54	2400030276	Smart water filtration systems for rural areas
55	2400030276	Eco-friendly alternatives to everyday household products
56	2400030276	Portable solar panels for off-grid locations
57	2400030276	Apps for personal finance management focused on micro-saving
58	2400030276	Affordable, modular housing solutions for low-income families
59	2400030276	Educational toys to enhance STEM learning in children
60	2400030282	Interactive maps for eco-tourism spots
61	2400030282	New methods for energy-efficient public transportation
62	2400030282	Innovative packaging solutions to reduce plastic waste
63	2400030282	Wearable tech for health monitoring in elderly populations
64	2400030282	Smart water filtration systems for rural areas
65	2400030282	Eco-friendly alternatives to everyday household products
66	2400030282	Portable solar panels for off-grid locations
67	2400030282	Apps for personal finance management focused on micro-saving
68	2400030282	Affordable, modular housing solutions for low-income families
69	2400030282	Educational toys to enhance STEM learning in children
70	2400030282	Interactive maps for eco-tourism spots
71	2400030282	New methods for energy-efficient public transportation

72	2400030282	Innovative packaging solutions to reduce plastic waste
73	2400030282	Wearable tech for health monitoring in elderly populations
74	2400030282	Smart water filtration systems for rural areas
75	2400030282	Eco-friendly alternatives to everyday household products
76	2400030513	Portable solar panels for off-grid locations
77	2400030513	Apps for personal finance management focused on micro-saving
78	2400030513	Affordable, modular housing solutions for low-income families
79	2400030513	Educational toys to enhance STEM learning in children
80	2400030513	Interactive maps for eco-tourism spots
81	2400030513	New methods for energy-efficient public transportation
82	2400030513	Innovative packaging solutions to reduce plastic waste
83	2400030513	Wearable tech for health monitoring in elderly populations
84	2400030513	Smart water filtration systems for rural areas
85	2400030513	Eco-friendly alternatives to everyday household products
86	2400030513	Portable solar panels for off-grid locations
87	2400030513	Apps for personal finance management focused on micro-saving
88	2400030513	Affordable, modular housing solutions for low-income families
89	2400030513	Educational toys to enhance STEM learning in children
90	2400030513	Interactive maps for eco-tourism spots
91	2400030488	New methods for energy-efficient public transportation
92	2400030488	Innovative packaging solutions to reduce plastic waste
93	2400030488	Wearable tech for health monitoring in elderly populations
94	2400030488	Smart water filtration systems for rural areas
95	2400030488	Eco-friendly alternatives to everyday household products
96	2400030488	Portable solar panels for off-grid locations
97	2400030488	Apps for personal finance management focused on micro-saving
98	2400030488	Affordable, modular housing solutions for low-income families
99	2400030488	Educational toys to enhance STEM learning in children
100	2400030488	Interactive maps for eco-tourism spots
101	2400030488	New methods for energy-efficient public transportation
102	2400030488	Innovative packaging solutions to reduce plastic waste
103	2400030488	Wearable tech for health monitoring in elderly populations
104	2400030488	Smart water filtration systems for rural areas
105	2400030488	Eco-friendly alternatives to everyday household products
106	2400030472	Portable solar panels for off-grid locations
107	2400030472	Apps for personal finance management focused on micro-saving
108	2400030472	Affordable, modular housing solutions for low-income families
109	2400030472	Educational toys to enhance STEM learning in children
110	2400030472	Interactive maps for eco-tourism spots
111	2400030472	New methods for energy-efficient public transportation

112	2400030472	Innovative packaging solutions to reduce plastic waste
113	2400030472	Wearable tech for health monitoring in elderly populations
114	2400030472	Smart water filtration systems for rural areas
115	2400030472	Eco-friendly alternatives to everyday household products
116	2400030472	Portable solar panels for off-grid locations
117	2400030472	Apps for personal finance management focused on micro-saving
118	2400030472	Affordable, modular housing solutions for low-income families
119	2400030472	Educational toys to enhance STEM learning in children
120	2400030472	Interactive maps for eco-tourism spots
121	2400030466	New methods for energy-efficient public transportation
122	2400030466	Innovative packaging solutions to reduce plastic waste
123	2400030466	Wearable tech for health monitoring in elderly populations
124	2400030466	Smart water filtration systems for rural areas
125	2400030466	Eco-friendly alternatives to everyday household products
126	2400030466	Portable solar panels for off-grid locations
127	2400030466	Apps for personal finance management focused on micro-saving
128	2400030466	Affordable, modular housing solutions for low-income families
129	2400030466	Educational toys to enhance STEM learning in children
130	2400030466	Interactive maps for eco-tourism spots
131	2400030466	New methods for energy-efficient public transportation
132	2400030466	Innovative packaging solutions to reduce plastic waste
133	2400030466	Wearable tech for health monitoring in elderly populations
134	2400030466	Smart water filtration systems for rural areas
135	2400030466	Eco-friendly alternatives to everyday household products
136	2400030279	Portable solar panels for off-grid locations
137	2400030279	Apps for personal finance management focused on micro-saving
138	2400030279	Affordable, modular housing solutions for low-income families
139	2400030279	Educational toys to enhance STEM learning in children
140	2400030279	Interactive maps for eco-tourism spots
141	2400030279	New methods for energy-efficient public transportation
142	2400030279	Innovative packaging solutions to reduce plastic waste
143	2400030279	Wearable tech for health monitoring in elderly populations
144	2400030279	Smart water filtration systems for rural areas
145	2400030279	Eco-friendly alternatives to everyday household products
146	2400030279	Portable solar panels for off-grid locations
147	2400030279	Apps for personal finance management focused on micro-saving
148	2400030279	Affordable, modular housing solutions for low-income families
149	2400030279	Educational toys to enhance STEM learning in children
150	2400030279	Interactive maps for eco-tourism spots
